We conclude that 95% of Gina's Landino's account to the conversation is accurate. The City of Seattle wanted to play captain save a ho and try to save the City of Albuquerque state of New Mexico from a lawsuit but ended up with multiple Brady violations instead and a lawsuit on themselves lol lmao. We would like to know is the City of Albuquerque going to help them get out of all of the deep ship they're in? You see in life you have certain people that just talk about shit they're not about, well guess what Kyle Lydell Canty can talk shit but he also can back up everything! Any other opposition will be legally eradicated, do we have any more challengers? (Question) What about ~~the~~ Federal bureau of Retards? (Answer) What about them! their time will soon come even those retards have dug themselves a deep hole that they're not yet aware of lol lmao Stay tuned.... Kyle Lydell Canty called (I spoke to him for about an hour and 15 minutes). He asked me to google him and I did – here is just a quick handful of sites/news about him – there are more. I gave Pete a heads up regarding his call and this email to you.

The gist of his call:

- He wants to speak with someone that reports directly to Pete but will not give his phone number, so I gave him John's number and he asked that John read some of the news about him that is out there so you/John could understand where he is coming from when he calls you
- He stated that he is suing Albuquerque PD
- Feels like SPD is 'messaging' with him because of who he is for no justified reason other than what they have read in the press
- He videos and narrates video of SPD officers (has stated he has video of them harassing folks and taking un scheduled coffee breaks) – he would like to share a recent video with you at a meeting that he has not publicly released yet
- He talked about the fact that he prefers to live in states where there are "looser" gun laws
- He stated that he has never been convicted of a crime and does not have a record
- Threatened that if SPD doesn't leave him alone, he will sue SPD as well
- Noted that though he is not an attorney, he knows the law very well from the large amount of research he has done and will be his own lawyer in a courtroom
- Noted that he is intentionally leaving a paper trail within the City and stated that he dropped off paperwork at Internal Affairs and here at our office
- He noted that it is not illegal to state that he will properly defend himself against a police force if he has to
